Student Performance Analytics Report

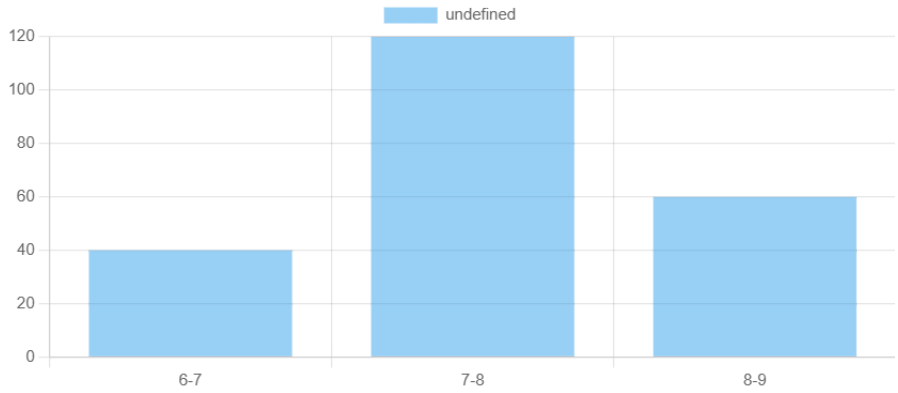
Data-driven insights from academic and extracurricular metrics

Key Metrics

Avg CGPA	Max CGPA	Backlogs	Top Rank
7.2	9.01	7.7%	11814

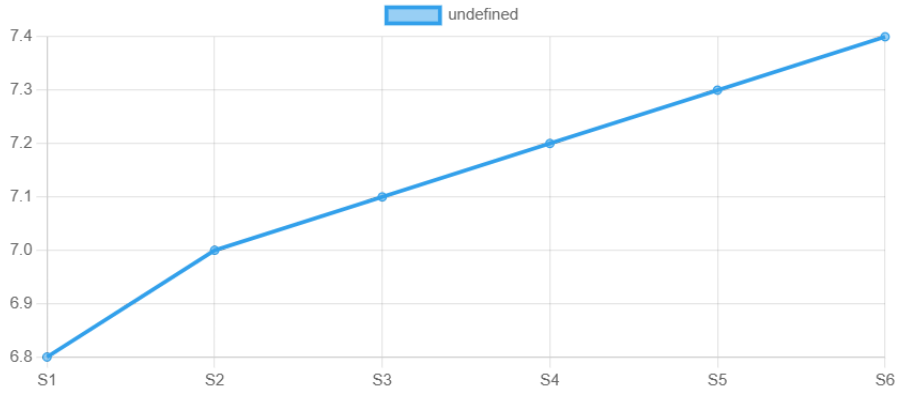
Academic Performance

CGPA Distribution



Most students fall within the 7–8 CGPA range, indicating moderate overall performance.

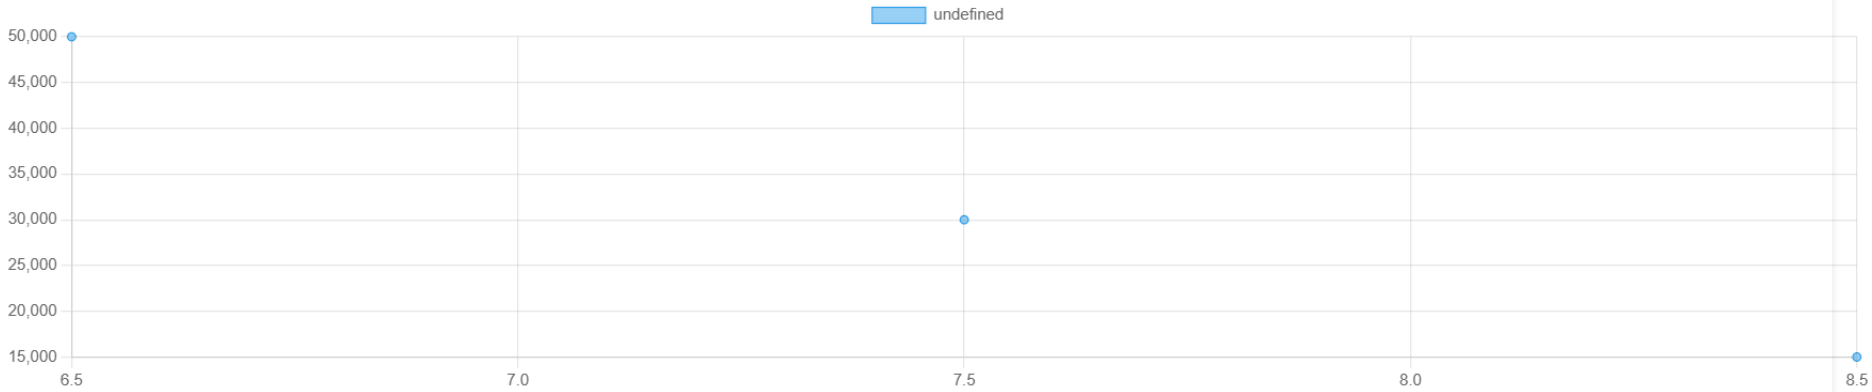
GPA Trend (Sem 1–6)



GPA shows a steady upward trend, reflecting gradual academic improvement over semesters.

Ranking Insights

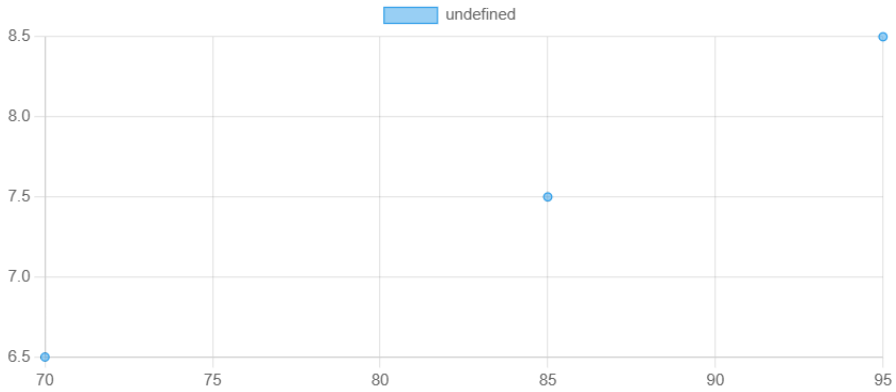
CGPA vs Rank



Higher CGPA generally corresponds to better ranks, though the relationship is moderate.

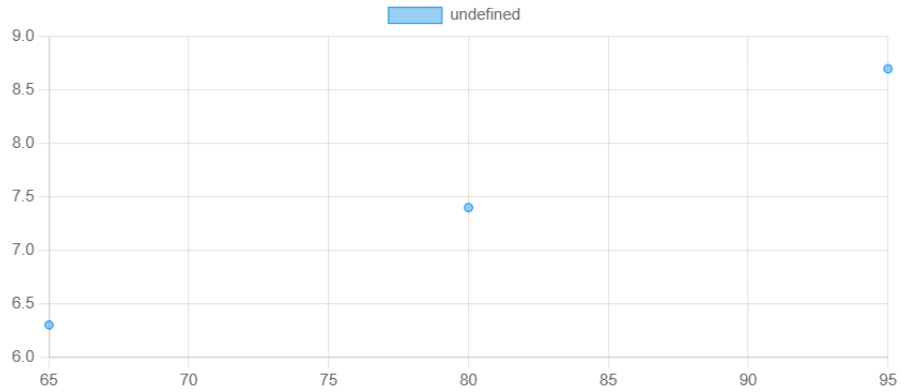
Background Influence

10th Marks vs CGPA



Students with higher 10th marks tend to perform slightly better in college.

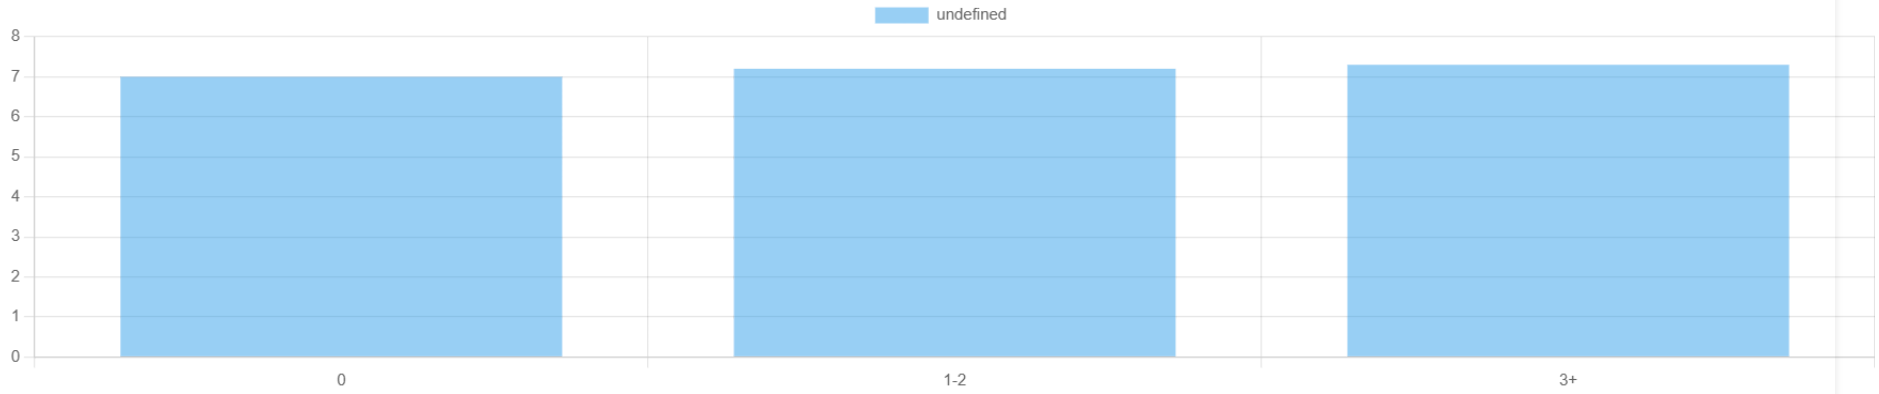
12th Marks vs CGPA



12th marks show a strong positive correlation with CGPA.

Skill & Achievement Impact

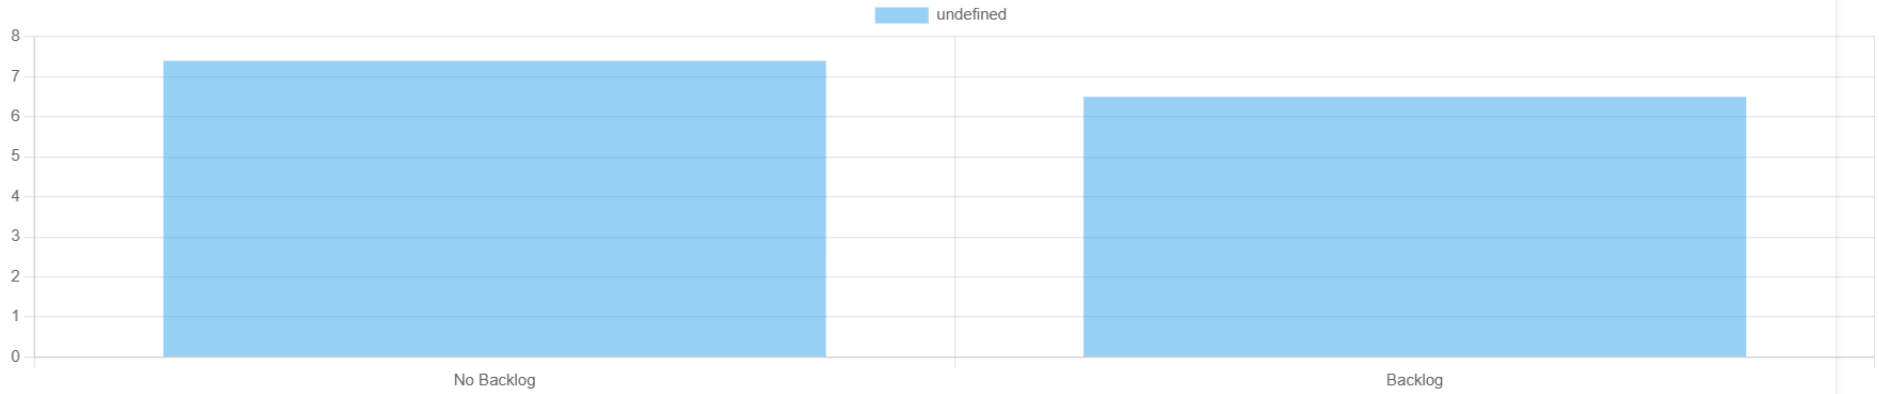
Technical Projects vs CGPA



Technical projects show minimal direct impact on CGPA but are important for skill development.

Backlog Analysis

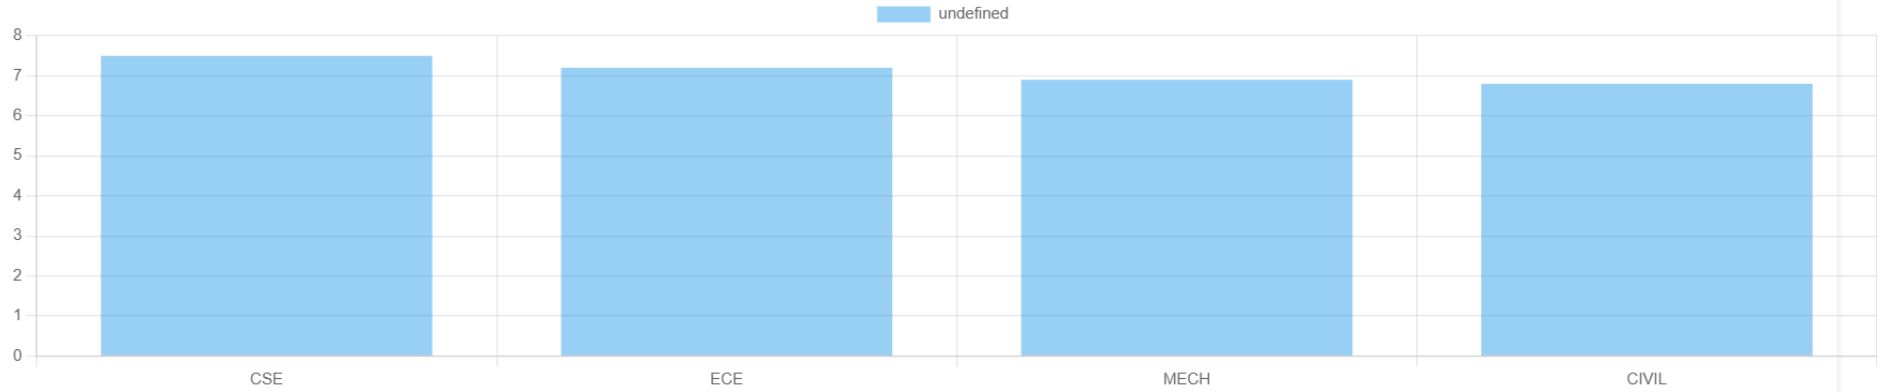
Backlog Impact on CGPA



Students with backlogs have significantly lower CGPA on average.

Branch-wise Performance

Average CGPA by Branch



CSE students slightly outperform other branches, while core branches show more variation.
